

Clean It Up

Engineer's Notebook

Engineer's Name: **EXAMPLE**

Date:

Using the table below, document your observations of the vials. The first substance is given to you. You may choose other substances to filter, such as milk, coffee, or other liquids. What is the difference in each substance before and after the filtration?

Substance	Observation	
	Before	After
Water with hot cocoa mix	<p><i>Cloudy/dirt water</i></p> 	<p><i>Clear water</i></p>
