

Voice over IP Call Forwarding

To Activate Call Forwarding:

1. You must first be connected to the Clemson network via the VPN.
2. Navigate to "phone.clemson.edu".
3. Log in with your Clemson username and password.
4. Select "Call Forwarding" from the left-hand menu.
5. From here, you can add your mobile phone number and select conditions for call forwarding.

The screenshot displays the Cisco Unified Communications Self Care Portal interface. The left-hand navigation menu is visible, with "Call Forwarding" highlighted in a red box. The main content area shows settings for phone number 864656. The "Forward all calls to" dropdown is set to "Voicemail". The "Advanced calling rules" section is expanded, showing options for internal and external calls. The "Forward all calls to" dropdown is set to "864656". The "Add a new number" button is highlighted in a red box. The bottom of the page shows the last login information and the copyright notice for Cisco Systems, Inc.

To Cancel Call Forwarding:

1. Navigate to "phone.clemson.edu".
2. Log in with your Clemson username and password.
3. Select "Call Forwarding" from the left-hand menu.
4. Un-check all boxes related to the phone number you want to stop forwarding to.
