

\$15 Per Hour

VOLUNTEERS NEEDED!

Volunteers are needed for a study investigating the use of robots and virtual reality (VR) as potential aids to future industrial workers

Where?

This study will be conducted at the Clemson campus in the Biomechanics, Ergonomics, Safety, and Training (BEST) Lab - **130 Freeman Hall**.

This study will take place during a single session of no more than 2 hours and 30 minutes, and you will be compensated with \$15 per hour

Qualifying Age Groups

18-35 or 45-68 years old

Inclusion Criteria

Must not wear multifocal lenses during the study

Must not have any musculoskeletal injuries or surgeries in the past 12 months

Principal Investigator: Dr. Divya Srinivasan (Department of Industrial Engineering)

Contact: Email Satyajit Upasani (supasan@clemsun.edu) or call 540 449 8048 for more information
